6 February 1958

MEMORANDUM FOR: DIRECTOR OF PERSONNEL

SUBJECT : Loss of Experienced Employees.

REFERENCE : Memo from Director of Personnel, Same Subject,
dated 28 January 1958.

1. A review of our records indicates that only two employees, Grade GS-11 or above, have resigned from this Division in the past year. One left due to illness in his family and the other to accept private employment. At present, we have two employees who have indicated they plan to resign to accept private employment. One has no specific position in mind and the other plans to join ARAMCO.

2. It is difficult to draw any conclusions or offer positive suggestions as you have requested based on our limited experience. We have not noted any indication that specific outside employers are attempting to recruit NEA employees on a systematic basis.
